

# Here's Your Chance!

- 1st. To invest your money in an established, paying business.
- 2nd. To assist in getting more food stuff to market and thereby cutting the cost of living.
- 3rd. To get in on the ground floor of a business that has the possibilities of being the largest Motor Express business in the country. A hundred dollars invested now would probably be worth two or three hundred in a few months.
- 4th. To show that you really want the headquarters of this business in Chattanooga, and not in one of your competitive cities.

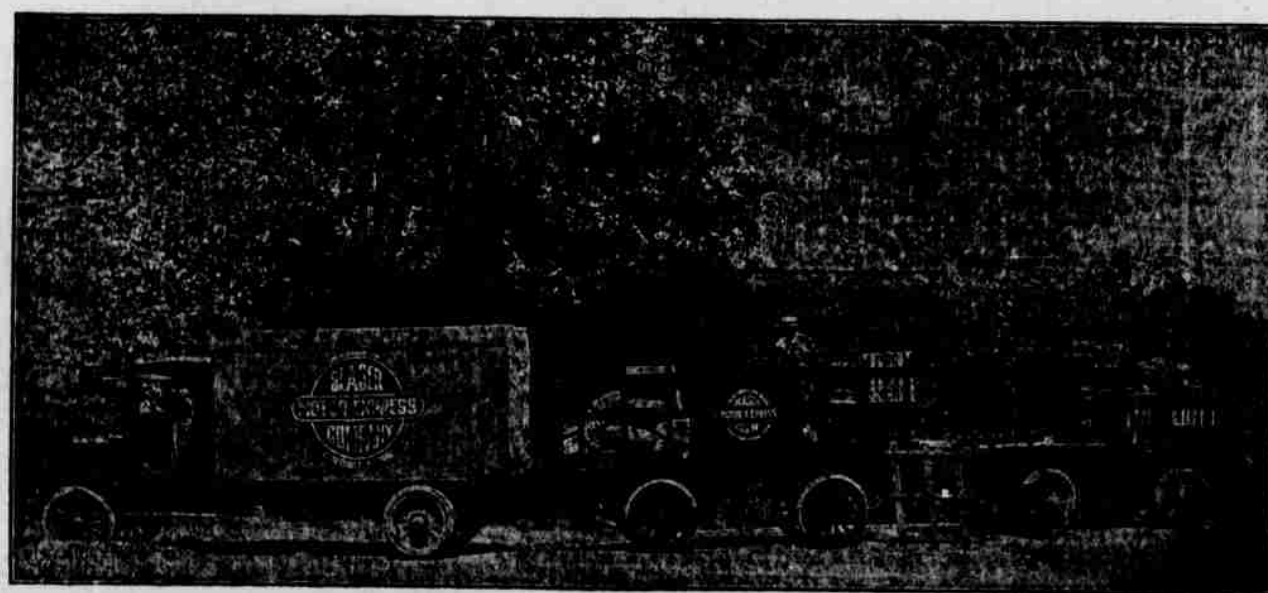

Company is incorporated in Tennessee for \$200,000.00, only \$100,000.00 in common, voting stock is authorized at this time. The money is to be used for buying more equipment and expanding. You are not putting up your money to promote something that is an air castle in the minds of some "get rich quick" promoters. You can see our trucks leaving Chattanooga every morning loaded to their capacities. The more we expand the more money is made. The Glaser Motor Express Company is recognized by national magazines and authorities as one of the best organized and systematized motor express companies in the country.

## Act Now While You Can!

If you do not have the cash, but have bonds or other securities you could put up as collateral, it would be acceptable.
